

第一单元众As is known to all, Chinese calligraphy is a unique art and also an art treasure valued by the world.众In the long process of evolution, Chinese characters have always been playing an important role in exchanging ideas and inheriting culture.众Apparently, the formation and development of Chinese calligraphy are closely related to(associated with/connected to/ linked with) the evolution of Chinese characters.

第二单元改Since the reform and opening up, China's education has developed rapidly and made remarkable achievements.中国China's achievements in education are mainly reflected in the popularization of nine-year compulsory education and the realization of mass higher education.我们We will fully implement the strategy for invigorating China through science and education, continue to give high priority to the development of education, cultivate talent for the Party and the country, and comprehensively improve our ability to nurture talent at home.

第三单元如今Nowadays, many young people no longer choose stable jobs only; they are more willing to start their own business and prove their self-worth with their own wisdom and efforts.创业The success of entrepreneurs not only makes a fortune, increases job opportunities, and improves people's lives, but it also benefits (is also beneficial to) our country in the long run.中国政府The Chinese government strongly encourages and supports entrepreneurship and innovation, which further fuels young people's passions and enhances their confidence.

第四单元丝The Silk Road was an ancient network of transportation routes starting from China; it was also China's earliest channel for international trade and cultural exchanges.在古In ancient times, the Silk Road effectively promoted economic and cultural exchanges between countries, thereby greatly pushing the progress of the world civilization.在新In the new historical situation, China proposed (put forward) the Belt and Road Initiative with win-win cooperation as the core, which has received positive responses from the countries along the routes.

第五单元中庸The Doctrine of the Mean is one of the core ideas of Confucianism; the "mean" doesn't refer to "compromise" but to a moderate way to handle things.孔Confucius advocated that the Doctrine of the Mean should be integrated into one's daily conduct by way of self-cultivation and seen as a virtue.一直The Doctrine of the Mean has been playing an immeasurable role in the construction of the national spirit, the transmission of wisdom, and the development of culture.

第六单元国民The Gross National Happiness Index (GNH Index) is used to measure people's happiness, and it also reflects the economic development level and people's living standards of a country or region.随着With the rapid growth of China's economy, the Chinese government is paying more and more attention to people's quality of life and the GNH Index.不断The constant improvement in people's living conditions and the provision of more benefits will push a continuous rise in the GNH Index.
